

# Whiteboard with own print

- + Wear-resistant print, even during daily intensive use
- + Magnetic surface

# We make

In education, whiteboards with specific prints are an important means of communication. It helps structure lessons. This applies from nursery-level teaching all the way up to professional and academic education. Making information visual ensures that it is easier to remember. In addition, printed whiteboards allow for daily repetition of lesson material.

"I want a comprehensive selection board that helps children learn how to make choices and plans"

"As a school, we want to approach projects from within a set framework"

"I want a cheerful board that presents seasons, months and days in a visual way"

## For professional use

+ Scratch-proof print

+ Print does not fade

+ Full-colour print with deep colours

+ Magnetic surface

Smit Visual printed whiteboards are especially made for daily intensive use and a long lifespan. The print is embedded in the whiteboard surface instead of being added on top. I year product warranty. For a correct maintenance, always only use Smit Visual whiteboard markers and cleaning spray.

#### From small to very large

Prints do not always fit on a board of  $60\times90$  cm, and somtimes not even on a board of  $100\times200$  cm. That is why we offer boards up to a maximum of  $120\times300$  cm

## Own design

Every teacher, school or foundation has their own focus when it comes to teaching methods.

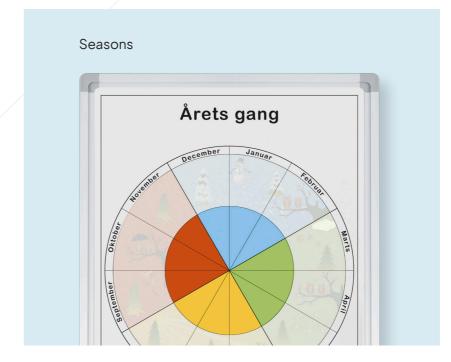

As a result, it is rare for a whiteboard with a standard print to precisely match the existing needs. The solution is a personalised design with custom layout and looks.

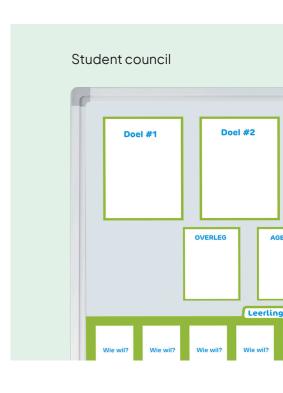

## Do you need help?
