# Pinboards

Boards with self-healing capacity, antibacterial effect or anti-lint upholstery; all our boards have high-quality surfaces with a long service life. In addition, we make them to order, from small sizes to widths of 300 cm

Surfaces

1 – Camira Camira is one the most commonly used fabrics in office furnishing. It is used for office chairs, amongst others. Smit Visual uses Camira fabric as a finish for Camira pin boards. We carry no fewer than 18 colours and other colours are available on request.

AK001 - Ratio	AK003 - Fraction	AK007 - Maths	AK013 - Subtract	AK015 - Divide	AK019 - Positive
YS071 - Sandstorm	YS095 - Steel	YS096 - Apple	YS102 - Bridgetown	YS108 - Aruba	YS165 - Adobo
YS079 - Panama	YS097 - Bluebell	YS009 - Havana	YS156 - Madura	YS159 - Lombok	YS168 - Tortuga

2 – Bulletin Bulletin is made entirely of natural materials, of which 45% are recycled. Bulletin is widely used in education because of its highly bacteriostatic properties. In addition, the material is self-healing, so pin holes seal themselves.

Wall-mounted boards single surface

Our pinboards are made by hand in Geldrop. The range includes three surfaces: Bulletin, Camira and cork boards, each with its own characteristics. We produce pinboards with lengths of up to 300 cm.

Softline 16 mm

All standard pinboards are made with aluminium anodised Softline profile (SL16) and grey corner pieces. Profiles are also available in other colours.
