# Mobile and flexible

When designing mobile boards, we apply one condition that must not be compromised: above all else, the construction must be stable. Smit Visual has a range of different products for different specific uses.

Work Board

This double-sided whiteboard was designed in response to client demand for visual communication. Use the Work Board for scrum sessions, planning, to-do lists, or workshops.
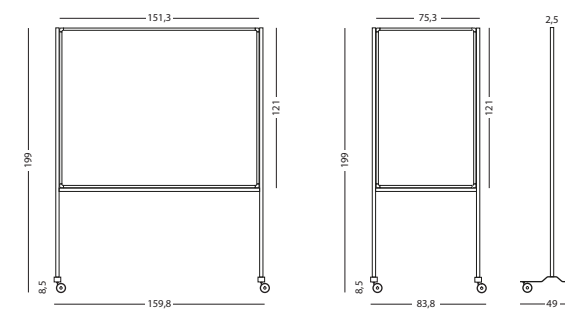

Work Board, white enamel

Dimensions	Article number
120 x 150 cm	13019.000
120 x 75 cm	13019.001

RAL

- Writing surface of double-sided white enamelled steel, fused at 800°C
- Suitable for very intensive and long-term use
- Black aluminium frame with plastic corner pieces
- Stable black steel frame
- Four high-quality wheels, two of which have brakes
- Multiple boards can be wheeled together compactly for storage
- The arch in the foot enables you to wheel together at right angles to create corner presentations.
- Magnetic, dry wipe

Made of wood from responsibly managed forests
