SMIT VISUAL

Smit Visual

We make it visible

We develop

New applications, clever designs and better surfaces. Since the invention of the whiteboard in 1958, it has been continuously further developed. The strength of Smit Visual lies in product development based on customer demand. Thinking along with our customers, fast response and high service are daily routine for us!

We manufacture

We are makers. Makers, from extra large chalkboards to extra small pinboards and everything in between. Makers, from large quantities to a single product. We make them in our production halls in the Netherlands, where we work transparently and sustainably. Day in, day out.

We deliver

You sell, we deliver. Drop shipping offering delivery throughout Europe with an average delivery reliability of +97.7%. It is with good reason that we are preferred suppliers to almost all our customers.

- >97.7% Delivery reliability
- Dropshipping delivery
- <0.3% returns

We install

We will be happy to take the measuring and assembly work off your hands. Our own assembly team does that in the Netherlands, Belgium and a large part of Germany. We are happy to advise on professional and skilled assembly of supplies to other countries.

Our spearheads

We don't need to tell you about the need for sustainable business. We do want to tell you about the concrete measures we take to contribute to a better world. Below we set out the spearheads of our Corporate Social Responsibility (CSR) policy.

1 Reducing our carbon footprint

Every year, we take numerous measures, some small, others more extensive, to reduce our carbon footprint. That is why we are working daily to succeed in this area. Certification is the easiest measurable proof of this commitment. For example, we are FSC® certified, ISO 14001 certified, and in November 2024, we upgraded our EcoVadis Silver certification to Gold.

2 Responsible use of raw materials

We must stop destroying our planet. As an FSC®-certified manufacturer, we can provide verified proof that the wood materials used come from responsibly managed forests. Furthermore, the wood is traceable throughout the entire chain, from forest to finished product. Please contact us for more information about specific FSC labelling at product level.

3 Local partners

For our production, we take into account the total distance raw materials have to travel. We prefer to choose suppliers within the Netherlands or Europe. For example, 98% of our key suppliers are currently from Europe.

4 Good employer practices

As an employer, we are proud to contribute to the Dutch (and European) manufacturing industry. As the production process takes place in Geldrop, the Netherlands, we obviously comply with European legislation on working conditions. We respect the norms and values with regard to employee protection, safety, working hours and discrimination.

98% of our suppliers come from Europe

Writing

Our writing boards are manufactured with care in Geldrop, in the Netherlands. We exclusively use robust materials and high-quality writing surfaces for very long-term intensive use. No foils or other low-quality whiteboard materials are used in our products.

Surfaces

1 – Whiteboard white enamel

Best quality whiteboard surface for very intensive use. Lifetime guarantee for perfect writing and erasing. The enamel surface is easy to read, clean lined and easy to keep clean.

2 – White lacquered steel

Lacquered steel whiteboards are a cost-effective alternative to enamel whiteboards. This surface is recommended for medium usage and has a 5 year guarantee for perfect writing and erasing.

3 – Printed whiteboard surface

Smit Visual printed whiteboards are sublimated. This technique bakes the ink into the surface. The full-colour prints are therefore scratch and wear resistant and colour fast. The guarantee for perfect writing and erasing is 5 years.

4 + 5 – Chalk grey and chalk green enamel

Enamel chalk surfaces in grey and green are highly colour fast, hard-wearing and can always be kept perfectly clean. The advantage over whiteboards is that colouring more solidly or lightly with chalk enables you to create different shades.

6 – Glass boards

Glass has the same perfect writing and erasing quality as enamel. The difference to enamel is the higher gloss level and a shadow effect behind written text. Smit Visual uses tempered safety glass.

7 – Low Gloss

Low Gloss is ideal for surfaces that are frequently used for writing and projection. The surface is not as glossy as white enamel, but can be wiped just as easily.

8 – Projection

As the name suggests, this surface is ideally suited for projection. The structure is so matt that it prevents reflection. The projected image will be displayed at its best on this surface.

Equipment	Use	Benefits	Guarantee surface	Maximum coil width
White enamel	Ideal for writing	Highest quality writing surface for whiteboards	Lifetime	1500 mm
Lacquered steel	Writing	Economical alternative to white enamelled steel	5 years	1192 mm
Steel sublimation	Sublimation (metal print)	Ideal for combining beautiful full colour images with a writing application	1 year	1192 mm
Chalk grey / green (enamelled steel)	Chalks	Highest quality writing surface for chalkboards	Lifetime	Green: 1500 mm Grey: 1200 mm
Glass	Writing	Highest quality writing and erasing Smooth surface with high gloss level	Lifetime	N/A
Low Gloss (enamelled steel)	Writing/projecting	Short-throw / Ultra short-throw projection and writing on the same surface	Lifetime	1500 mm
Projection (enamelled steel)	Projection	Ideal properties for projection without reflection. Suitable for wet wiping with a spray	Lifetime	1500 mm

Lines

Boards with an enamel writing surface (white and chalk green or grey) can be printed with lines, squares or crosses. This surface is exactly the same quality as the surface without print. For these surfaces, too, we guarantee perfect writability and erasability for life.

Surfaces

Crosses 5 cm
Distance between crosses: 50 mm

Crosses 10 cm
Distance between crosses: 100 mm

Squares 5 cm
Square dimensions: 50 mm

Squares 10 cm
Square dimensions: 100 mm

Music lines*
Distance between stave lines: 25/25/25/25/120 mm

1st school year*
Distance between lines: 20/40/50/40 mm

2nd school year*
Distance between lines: 20/30/40/30 mm

3rd school year*
Distance between lines: 80/35 mm

4th school year*
Distance between lines: 100 mm

*Max. height of boards with these printed enamel surfaces: 120 cm. The surface of enamelled steel boards smaller than 120 cm must be cut to size. The lines will therefore not be evenly spaced across the full height of the board.

We make it visible

Wall-mounted boards single surface

Smit Visual single surface boards are constructed with robust materials and a thick solid core. They rightly carry the stamp 'Premium Dutch Quality'. We produce single surface boards of up to 4 meters long!

Unframed

The edges of the Unframed Whiteboard are neatly cut, which eliminates the need for a frame and gives the board its timeless design. The sleek board has a thickness of 4 mm, but is super strong. The black side contrasts nicely with the white front.

Size	Article number
98 x 98 cm	16200.100
98 x 148 cm	16200.101
98 x 198 cm	16200.102

For custom frameless whiteboards, check chameleonwriting.com.

Unframed Whiteboard, coated steel

- Sleek frameless whiteboard
- Only 4 mm thin, but extremely strong, rigid and break-resistant material
- Coated steel writing surface
- Product made of responsibly certified wood and is plastic-free
- 15 mm wall writing surface depth
- Easy assembly
- Can be mounted vertically or horizontally
- Suitable for creating a whiteboard wall with several panels
- Magnetic and dry erasable

Made of wood from responsibly managed forests

Softline 8 mm

The most popular board frame in our collection. This frame is available as standard in classic aluminium and modern black.

All colours are available on request. Softline 8 mm boards are supplied with a pen tray in the same colour as the frame.

Softline 8mm projection board,
Projection steel

- Projection surface of Projection enamelled steel fused at 800°C
- The surface has the ideal properties for long-throw projection: perfect projection without a hot spot and a wide viewing angle, gloss level: 13 GU (60°)
- Available in various projection ratios and sizes.
- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- Includes mounting materials and 30 cm pen tray
- Magnetic, wet wipe

Whiteboards with custom print

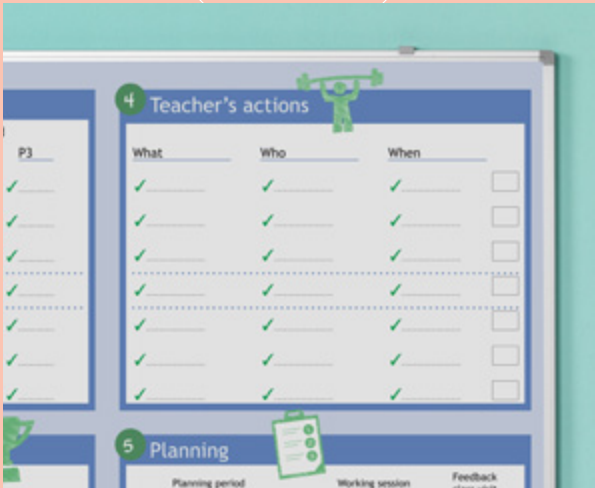

Every organisation, department or team has its own take on specific work processes. As a result, it is rare for standard print designs to precisely match existing needs. The solution is a custom design with corporate style layout.

- Mounting materials included
- Magnetic, dry wipe

Glass boards

Smit Visual glass boards are magnetic and dry wipe. They are made of tempered safety glass with rounded corners. The back is opaque coloured for maximum readability.

Dimensions	Article number
100 x 150 cm	14600.206
90 x 120 cm	14600.209
60 x 90 cm	14600.210
45 x 60 cm	14600.211

Glass2Write glass board

- Writing surface of tempered safety glass
- Opaque white for good readability, also meaning it can be mounted on any colour wall.
- Suitable for very intensive and long-term use
- Can be mounted vertically or horizontally
- Includes mounting materials, glass pen tray, magnetic eraser and 5 extra strong magnets
- Writable, dry wipe and magnetic

Dimensions	Article number
120 x 200 cm	14800.130
120 x 150 cm	14800.120
90 x 120 cm	14800.110
60 x 90 cm	14800.100

Premium glass board

- Writing surface of tempered safety glass
- Sleek design thanks to the concealed mounting
- The green colour has been eliminated from the tempered safety glass, giving it its crystal-clear colour. Together with the opaque white back this ensures perfect readability and can therefore be mounted on any colour wall.
- Suitable for very intensive and long-term use
- Can be mounted vertically or horizontally
- Includes mounting materials and glass pen tray
- Writable, dry wipe and magnetic

Wall-mounted boards winged

Our three and five surface boards are made with strong hinges for very intensive use. Each board can have several customised surfaces: such as different lines, chalkboard surfaces and/or whiteboard surfaces. We manufacture bespoke products just as quickly as standard products.

RC-10 three and five surface boards

Whiteboards with wings provide additional writing space. We use this RC-10 profile to produce whiteboards with three or with five writing surfaces. The profile is anodised aluminium with grey corner pieces. Includes 30 cm pen tray

120 x 90 cm	13016.110
90 x 60 cm	13016.111

RC-10 three surface whiteboard, white enamel

- Writing surface of white enamelled steel, fused at 800°C
- Additional wing provides more writing space
- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- Includes mounting materials and 30 cm pen tray
- Magnetic, dry wipe

School boards

Softline 19 mm

Winged school boards are made for very intensive use. Components such as hinges are extra strong, for example. Thanks to the extra flat aluminium profile, the school boards can be made with a lightweight core. They can therefore also be mounted on height-adjustable structures (columns).

Dimensions
120 x 200 cm
100 x 200 cm

Article number
17110.200
17103.200

Winged school board, white enamel,
Softline 19 mm

- Writing surface of white enamelled steel, fused at 800°C
- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- With pen tray along the entire width of the middle surface including 2 sponge holders
- With chalk trays at the bottom of the wings
- Mounting materials included
- Magnetic, dry wipe

Dimensions
120 x 200 cm
100 x 200 cm

Winged school board, chalk green,
Softline 19 mm

- Chalkboard surface of green enamelled steel, fused at 800°C
- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- With pen tray along the entire width of the middle surface including 2 sponge holders
- With chalk trays at the bottom of the wings
- Mounting materials included
- Magnetic, dry wipe

Projection boards ExtraFlat

Winged projection boards are lightweight, allowing them to be mounted on columns (see from page 98).

These boards can have recesses in them for touch sensor modules. The wings can then still be folded away completely. The grey strip on the board is the area where the module can be installed.

Projection ratio/ size 16:10, 83"	Dimensions 128 x 201 cm	Article number 17106.201
Aluminium pen tray, 31 cm (optional):		18400.040

ExtraFlat Projection Board, Low Gloss,
finger touch, 16:10

- Projection surface of Low Gloss enamelled steel fused at 800°C
- The board has two wings with a double-sided writing surface of white enamelled steel fused at 800°C
- Suitable for short-throw / ultra short-throw interactive finger-touch projectors (16:10) such as Epson EB-695Wi or EB-770Fi
- Includes grey strip for touch sensor
- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- Mounting materials included
- Magnetic, dry wipe

White wheeled Base (p. 135)	14013.100
--------------------------------	-----------

Cabinet

- Lockable presentation cabinet with two double-sided writable doors with a white enamelled steel surface, includes Design flipchart holder (drilled) and flipchart paper (20 sheets)
- Low Gloss enamelled steel base (centre) with a white aluminium profile
- Suitable for wall mounting or placing over wheeled base (see page 135)

Wall-mounted boards height- adjustable

The height-adjustable writing boards can easily be changed or moved. Each suspension system has its own benefits and attributes, but they all provide flexibility of use.

Single-surface columns

Teachers and lecturers have been using Smit Visual column boards for decades. An icon in the classroom and still very relevant from an ergonomic point of view.

Dimensions	Article number

ExtraFlat Projection Board, Low Gloss, 16:9

- Projection surface of Low Gloss enamelled steel fused at 800°C
- Suitable for short-throw / ultra short-throw (interactive pen) projectors (16:9) such as Epson EB-1480Fi or EB-760Wi
- Mounted between two columns, standard height: 265 cm. Taller columns optional
- Infinitely adjustable height
- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- Includes mounting materials and two 31 cm aluminium pen trays
- Magnetic, dry wipe

Winged columns

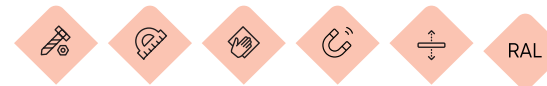

Our column boards are made of extremely solid materials, which makes them suitable for long-term intensive use. Furthermore, thanks to the counterweight construction, the height can easily be adjusted.

- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- With pen tray along the entire width of the middle surface including 2 sponge holders
- With chalk trays at the bottom of the wings
- Mounted on concealed sliding mechanism
- Infinitely adjustable height
- Mounting materials included
- Magnetic, dry wipe

Mobile and flexible

When designing mobile boards, we apply one condition that must not be compromised: above all else, the construction must be stable. Smit Visual has a range of different products for different specific uses.

Work Board

This double-sided whiteboard was designed in response to client demand for visual communication. Use the Work Board for scrum sessions, planning, to-do lists, or workshops.

PartnerLine Rail flipchart

- Flipchart with a magnetic, dry-wipe white enamel writing surface
- With white enamel PartnerLine profile and white plastic corner pieces
- Includes adapter set and 30 cm pen tray
- The universal paper holders are suitable for various sizes of flipchart paper
- PartnerLine Rail (p. 146 - 147) needs to be ordered separately

Dimensions
100 x 70 cm

Article number
12205.101

PartnerLine Rail, double

Dimensions
240 x 8 cm

Article number
12105.100

- Aluminium wall-rail system, white, 240 cm long, double version
- The boards can be hung at two different depths, enabling them to be slid in front or behind each other
- With paper clamp at the bottom edge, along the entire width of the rail
- Several rails can be joined together with the connecting piece
- Can be cut to size
- Can be mounted 'round the corner' using the the 90° corner piece (p. 147)
- Includes adapter set, paper clamp rollers, end caps, connecting piece, cover strip and mounting materials

PartnerLine Rail, accessories

PartnerLine Rail, adapter set
Article number
13013.101

PartnerLine Rail, 90° corner piece
Article number
14022.103

- PartnerLine Rail, adapter set
- Complete set of mounting materials to hang a product in the top or bottom rail
 - Includes spacers, sliding blocks and mounting materials
 - Quick and easy to assemble
- PartnerLine Rail, 90° corner piece
- 90° corner piece for a right-angle corner joint between 2 double PartnerLine Rails

Ceiling rails

Description	Dimensions	Article number
Clip rail, ceiling mounted, white	150 x 3.5 cm	14010.102
Ceiling rail set, black	150 x 1.5 cm	14010.101

14010.102

14010.101

- Clip Rail set, ceiling mounted, white
- White aluminium wall-mounted rail to hang small whiteboards and pictures
 - With space to conceal cables
 - The set consists of two 1.5 metre rails and includes suspension materials
 - Excludes whiteboard and suspension cables (suspension cables: see p. 149)

- Ceiling rail set, black
- Black aluminium ceiling rail to hang small whiteboards and pictures
 - For mounting on the side bar of a suspended ceiling
 - The set consists of two 1.5 metre rails and includes suspension materials
 - Excludes whiteboard and suspension cables (suspension cables: see p. 149)

Adapter sets

Description	Article number
Adapter set for whiteboards	14010.110
Adapter set for painting, Perlon	14010.111
Adapter set for painting, steel cable	14010.112

- Adapter set for whiteboards
- Set for suspending whiteboards from the clip rail or ceiling rail
 - In addition to two (150 cm) steel cables and two suspension hooks, the set also includes four stabilising caps to protect the wall
 - Maximum board size 90 x 120 cm
 - Maximum weight per hook: 15 kg

- Adapter Set for Paintings, Perlon
- Set of 2 transparent Perlon cords, 150 cm long, and two hooks to hang paintings, photos and calendars to the clip rail or ceiling rail
 - Maximum weight per hook: 4 kg

- Adapter Set for Paintings, Steel cable
- Set of 2 steel cables, 150 cm long, and two hooks to hang paintings, photos and calendars to the clip rail or ceiling rail
 - Maximum weight per hook: 15 kg

Partition

The ability to create different configurations and uses with a single system. That makes our range of partitioning versatile and flexible to use. The modular construction means that up to a maximum of four partition panels can be connected to each other easily with just one foot.

Partition pinboard, Camira

- Pinboard surface of 100% recycled, high-quality Camira fabric
- The Camira is colourfast, durable, anti-lint, flame-resistant, washable and environmentally friendly
- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- Stable construction
- Up to 4 walls can be joined together with coupling elements
- Includes two shafts, two screws, two single cover caps and a two-way straight wall connection

Made of wood from responsibly managed forests

Wheeled*	14013.152
Flexible wall hook set	14010.115

Partition, accessories

- The modular construction means that up to a maximum of four partition panels can be connected to each other easily with just one foot.
- Flexible wall hook set: comprising 2 flexible wall hooks, white, 2 Perlon cords of 150 cm and 2 hooks to hang things on

Pinboards

Boards with self-healing capacity, antibacterial effect or anti-lint upholstery; all our boards have high-quality surfaces with a long service life. In addition, we make them to order, from small sizes to widths of 300 cm

Surfaces

1 - Camira Camira is one the most commonly used fabrics in office furnishing. It is used for office chairs, amongst others. Smit Visual uses Camira fabric as a finish for Camira pin boards. We carry no fewer than 18 colours and other colours are available on request.

3 - Cork Cork is an organic product with a natural warm beige colour. Organic materials have become very popular for modern furnishings in recent years. We use high quality cork with a long lifespan.

Wall-mounted boards single surface

Our pinboards are made by hand in Geldrop. The range includes three surfaces: Bulletin, Camira and cork boards, each with its own characteristics. We produce pinboards with lengths of up to 300 cm.

Softline 16 mm

All standard pinboards are made with aluminium anodised Softline profile (SL16) and grey corner pieces. Profiles are also available in other colours.

Prikbord bulletin, Float, frameless

- Bulletin (cork linoleum) pin surface
- Bulletin is made entirely of natural materials, of which 45% are recycled.
- Thanks to its self-healing properties the pin holes seal themselves, which makes the board suitable for intensive use.
- The pinboard surface has bacteriostatic properties.
- Frameless
- The slanted sides of this pin board make the panel seem to float in front of the wall.
- Including mounting materials.
- Can be mounted both horizontally as well as vertically.

Combi Softline 16 mm

Combination of a white enamel whiteboard (magnetic, dry wipe) and a Camira pinboard. With anodised Softline profile and grey plastic corner pieces

Combination and Dimensions	Article number
Enamel and Camira AK019 (dark grey)	
90 x 120 cm	11404.105
60 x 90 cm	11404.115

For other fabric colours, please see page 161

Combi board Softline 16mm

- Combination of a writing surface of white enamelled steel, fused at 800°C, and a pin surface of Camira fabric
- Suitable for very intensive and long-term use
- Anodised aluminium frame with plastic corner pieces
- Includes mounting materials and 30 cm pen tray
- Magnetic, dry wipe writing surface

Acoustic

Good acoustics are a basic requirement for any business premises. The Smit Visual Acoustic range responds to this with easy to use products that muffle annoying sound reverberations.

Light grey	1	11209.042
Dark grey	1	11209.043
Beige	1	11209.044
Blue	1	11209.045

- Acoustic panel, Ø120 cm
- Made with recycled PET bottles
- With chamfered edges
- Acoustic performance: NCR = 0.6
- Can also serve as pinboard
- Mounting materials supplied suitable for both suspended ceiling and fixed ceiling
- Mounting height adjustable to a maximum of 200 cm below the ceiling
- Also suitable for wall mounting with supplied adhesives for various surfaces
- Flammability: EN 13501-1:2007 + A1:2009 - class B
ASTME84 - class A

Sound-absorbing desk partition screen

Colour	Quantity	Dimensions	Article number
Light grey	1	60 x 75 cm	11209.050
Light grey	1	60 x 120 cm	11209.051
Light grey	1	60 x 160 cm	11209.052

- Acoustic panel, 60 x 75 / 120 / 160 cm
- Made with recycled PET bottles
- Acoustic performance: NCR = 0.6
- Can also serve as pinboard
- The 2 clamps provided, suitable for desks between 12 and 48 mm thick, hold the panel firmly in place.
- Can easily be attached to individual and connected (height adjustable) desks
- Lightweight, rigid material
- Flammability: EN 13501-1:2007 + A1:2009 - class B
ASTME84 - class A

Sound absorbing PET felt partition screens L

Beige	1	70x35x50 cm	11209.176
Beige	1	70x15x50 cm	11209.177

- Free-standing partition screens made with recycled PET bottles
- Available in 3 different depth sizes
- Panel thickness: 9 mm
- Acoustic value: NCR = 0.3
- Can also serve as pinboard
- Perforated pattern preserves spatial openness
- Easy assembly
- Lightweight, rigid material
- Flammability: ASTM E84 - class A

Sound absorbing suspended partition

Colour	Quantity	Article number
Petrol green	1	11209.060
Light grey	1	11209.061
Beige	1	11209.062

- Acoustic panel, 200 x 120 cm
- Made with recycled PET bottles
- Lightweight material
- Acoustic performance: NCR = 0.6
- Can also serve as pinboard
- Mounting materials supplied suitable for both suspended ceiling and fixed ceiling
- Mounting height adjustable to a maximum of 200 cm below the ceiling
- See-through pattern maintains sense of spaciousness
- Flammability: EN 13501-1:2007 + A1:2009 - class B
- ASTM E84 - class A

Sound absorbing desk partition

Colour	Quantity	Article number
Light grey	1	11209.070

- Acoustic panel, 100 x 180 cm
- Made with recycled PET bottles
- Acoustic performance: NCR = 0.6
- Can also serve as pinboard
- Easy to set up on the 2 free-standing feet made of the same material
- Lightweight, rigid material
- See-through pattern maintains sense of spaciousness
- Flammability: EN 13501-1:2007 + A1:2009 - class B
- ASTM E84 - class A

Sound absorbing PET felt linkable paratition wall

Kleur	Afmeting	Artikelnummer

Lichtgrijs	140x100 cm	11209.181
Lichtgrijs	120x100 cm	11209.182

- Free-standing partition wall made with recycled PET bottles
- Thickness PET felt: 18 mm
- Acoustic performance: NCR = 0.6
- Can also serve as pinboard
- Includes Velcro coupling system for extra stability
- All sizes can be connected to each other
- See-through pattern maintains sense of spaciousness
- Easy to set up on the 2 free-standing feet made of the same material
- Lightweight, rigid material
- Flammability: ASTM E84 - class A

FLOW Diptych | Acoustic Art

Colour	Amount	Size (per piece)	Article number
Brown	2	80x60 cm	11209.230

- Acoustic paintings of 80 x 60 cm
- Design: organic
- Made with recycled PET bottles
- Thickness PET felt: 18 mm
- Acoustic performance: α_w 0,45
- Lightweight, rigid material
- Easy mounting
- Sustainable packaging
- Flammability: EN 13501-1:2007 + A1:2009 - class B
- ASTM E84 - class A

GEO Diptych | Acoustic Art

Colour	Amount	Size (per piece)	Article number
Dark grey	2	80x60 cm	11209.231

- Acoustic paintings of 80 x 60 cm
- Design: geometric
- Made with recycled PET bottles
- Thickness PET felt: 18 mm
- Acoustic performance: α_w 0,45
- Lightweight, rigid material
- Easy mounting
- Sustainable packaging
- Flammability: EN 13501-1:2007 + A1:2009 - class B
- ASTM E84 - class A

FLOW Large | Acoustic Art

Colour	Amount	Size	Article number
Beige	1	120x80 cm	11209.240

- Acoustic painting of 120 x 80 cm
- Design: organic
- Made with recycled PET bottles
- Thickness PET felt: 18 mm
- Acoustic performance: α_w 0,45
- Lightweight, rigid material
- Easy mounting
- Sustainable packaging
- Flammability: EN 13501-1:2007 + A1:2009 - class B
- ASTM E84 - class A

GEO Large | Acoustic Art

Brown	1	160x120 cm	11209.240

- Acoustic painting of 160 x 120 cm
- Design: organic
- Made with recycled PET bottles
- Thickness PET felt: 18 mm
- Acoustic performance: α_w 0,45
- Lightweight, rigid material
- Easy mounting
- Sustainable packaging
- Flammability: EN 13501-1:2007 + A1:2009 - class B
- ASTM E84 - class A

All Smit Visual acoustic products are available as 3D models

GEO Extra Large | Acoustic Art

Colour	Amount	Size	Article number
Dark grey	1	160x120 cm	11209.241

- Acoustic painting of 160 x 120 cm
- Design: geometric
- Made with recycled PET bottles
- Thickness PET felt: 18 mm
- Acoustic performance: α_w 0,45
- Lightweight, rigid material
- Easy mounting
- Sustainable packaging
- Flammability: EN 13501-1:2007 + A1:2009 - class B
- ASTM E84 - class A

Informing

Making information accessible to everyone requires low-threshold information carriers. Should information be locked or easily accessible? Smit Visual offers several solutions.

Showcases	212
Paper rail	217
Presentation boards	218

Rondo indoor and outdoor showcase with hinged door

- Wall display case with a hinged door with tempered safety glass
- Showerproof, suitable for indoor and covered outdoor use
- With a back panel of white steel (magnetic, not writable)
- Frame of anodised aluminium with grey plastic corners
- With lock and 2 keys

Dimensions	Visible size	Size	Article number
100 x 116 cm	90 x 108 cm	15 x A4	13001.205
100 x 95 cm	90 x 87 cm	12 x A4	13001.204
100 x 74 cm	90 x 66 cm	9 x A4	13001.203

D	10	24 x 29 cm	11304.142

Additional set of 10 engraving plates: 14024.100

Accessories

The importance of good accessories for the maintenance of the board surfaces should not be underestimated. Many lesser-quality markers, sprays, magnets and the like can permanently damage surfaces. For this very reason, we recommend using our own accessories with our boards.

Starter kits	222

Junior Starter Kit for whiteboards

Contents

- 4 planning markers (black, red, blue and green)
- 10 magnets (white, red, blue, yellow and green, Ø 20 mm)
- 1 mini-eraser
- 1 cleaning spray (250 ml)

Our Universal Starter Kit for whiteboards is very popular. Did you know that Smit Visual was the first manufacturer to combine the various accessories into one set?

Article number
14017.111

Universal Starter Kit for whiteboards

Contents

- 4 board markers (black, red, blue and green)
- 10 magnets (Ø 30 mm)
- 1 magnetic microfibre cloth
- 1 cleaning spray (250 ml)
- 1 magnetic pen holder

The Deluxe Starter Kit is an entirely magnetic whiteboard kit. This means that every component can be hung directly on a magnetic whiteboard.

Article number
14017.113

Deluxe Starter Kit for whiteboards

Contents

- 4 magnetic board markers (black, red, blue and green)
- 10 magnets (Ø 10 mm)
- 1 magnetic microfibre cloth
- 1 magnetic cleaning spray (120 ml)

Working well starts with the right materials. Our glass-board accessories are made for excellent reading and erasability. The magnets are specifically designed for glass boards

Glass-board accessories

Article number
14020.150

- Glass-board eraser *
- Extra-strong magnetic felt eraser
 - White

Article number
14019.781

- Glass-board magnets
- Set of 5 extra-strong magnets
 - With wider top and bottom edges for a better grip
 - White
 - Ø 25 mm

Article number
14016.164

- Glass-board markers
- Set of 10 glass-board markers with a Ø 3 mm felt tip
 - Not dry-wipe
 - White

Article number
14017.152

Glass Board Starter Kit

- Contents
- 4 board markers (black, red, blue and green)
 - 5 extra-strong white glass-board magnets (Ø 25 mm)
 - 1 extra strong magnetic glass-board eraser
 - 1 cleaning spray (250 ml)

Glass-board magnets
Strong magnets specifically for glass boards

Quantity	Colour	Diameter / adhesive strength / article number
		Ø 30 mm 1600 gr/cm ²
6	Blue	14019.930
6	Red	14019.931
6	Green	14019.932
6	Orange	14019.933

Quantity	Shape	Dimensions	Article number
12	Cube	10 x 10 x 10 mm	14019.785
4	Square	10 x 10 mm	14019.951

Board markers

- Set of 4 or 10 markers with a Ø 3 mm felt tip
- Felt tip pens for use on both whiteboards and flip-chart paper
- Alcohol-based ink, dry erase

Colour	Quantity	Article number
Assorted	10	14016.150
Black	10	14016.151

Article number
14016.115

Planning markers

- Set of 4 markers with a Ø 1 mm felt tip
- Felt tip pens with a finer tip for use on whiteboards and planning boards

Colour	Quantity	Article number
Assorted	4	14016.155

Article number
14021.103

Magnetic pen holder*

- A horizontal, magnetic holder for 4 markers

Not all markers are the same. Smit Visual does a lot of research into the ideal whiteboard marker. Ink should produce a uniform deep-coloured line and should still be erasable after months.

Chalks

10 or 12 pieces of anti-dust chalk in white or assorted colours

Colour	Article number
White (10 pieces)	14018.100
Assorted (12 pieces)	14018.105

Anti-dust chalk

Erasers

Article number
14020.251

Magnetic microfibre cloth*

- Fabric eraser cloth for perfect erasing.
The sewn-in magnet means it can be hung anywhere on the whiteboard
- Washable
- 25x25 cm
- Set van 3

Article number
14020.200

Microfibre cloth

- Fabric eraser cloth for perfect erasing.
- Washable
- 40x40 cm

Article number
14031.100

Cleaning spray (250 ml)

- For regular cleaning of whiteboards and planning boards

Good, clean erasers prevent a permanent film of ink forming on the whiteboard that impairs readability.

Article number
14031.120

Cleaning spray refill (1 L)

- A refill (1 liter) for Cleaning spray (1 liter)

Article number
14020.116

Chalk eraser

- Chalkboard eraser

Article number
14020.100

Magnetic mini-eraser

- A small magnetic felt eraser, ideal for planning boards. Felt replacements are not available for this eraser

Article number
14020.105

Magnetic paper eraser

- Available in 2 versions, and a set of 100 sheets of eraser paper for these erasers

Magnetic Design paper eraser
14020.125

Eraser paper, set of 100 sheets
14020.110

Our magnets are available in various sizes, colours and materials. For the most powerful magnets, go for a strong Magnum magnet.

Get started visualising a project immediately with the Smit Visual starter kits.

Visual Management Starter Kit

Article number
14017.320

- Contents
- 4 board markers (black, red, blue and green)
 - 1 magnetic pen holder
 - 1 Pro magnetic felt eraser
 - 5x 'Face' impression magnet foil, green
 - 5x 'Face' impression magnet foil, yellow
 - 5x 'Face' impression magnet foil, red
 - 5x 'Attention' impression magnet foil, yellow-black
 - 5x 'New Star' magnet foil
 - 10x magnetic slipcase, A4 blue

Scrum Starter Kit

Article number
14017.321

- Contents
- 4 board markers (black, red, blue and green)
 - 1 magnetic pen holder
 - 1 Pro magnetic felt eraser
 - 5x 'Scrum' magnet foil, green, 10 x 10 cm
 - 5x 'Scrum' magnet foil, orange, 10 x 10 cm
 - 5x 'Scrum' magnet foil, yellow, 10 x 10 cm
 - 5x 'Scrum' magnet foil, red, 10 x 10 cm
 - 5x 'New Star' magnet foil
 - 5x 'Attention' magnet foil, yellow/black

Matrix tape

Colour	Dimensions	Quantity	Article number
Black	3 mm x 10 m	10	14036.903
Blue	3 mm x 10 m	10	14036.904
Red	3 mm x 10 m	10	14036.905

- Self-adhesive matrix tape enabling a whiteboard to be used as a scrum, planning or memo board
- Ideal for marking the board with temporary or permanent.
- Easy to remove without leaving any residues or damage
- Can also be used on a pinboard or any other flat surface

The document holders on this page are useful visual management accessories.

Magnetic slip cases

- For use on magnetic surfaces such as whiteboards, metal doors, racks and cupboards
- Prevents contamination of paper sheets, etc. in production environments

Magnetic document holder

Dimensions	Article number
A4	14002.651

- Secure and share documents on your visual management board using a magnetic document holder

14002.801

14002.805

Ring binder

Assembly	Spring	Article number
Screwed	300 mm	14002.801
Magnetic	300 mm	14002.805

- Link multiple info sheets to your visual management boards and visualize large amounts of information
- Choice of a ring binder screwed to the board or a magnetic ring binder *
- The magnetic ring binder allows for flexibility in terms of position on the board
- The magnets are encased in rubber to prevent slipping and scratching

Magnetic headers

Size	Quantity	Black	Red
A3	5	14036.421	14036.466
A4	5	14036.422	14036.467
A5	5	14036.423	14036.468

- The Magnetic headers are particularly suitable in combination with magnetic insert sleeves
- Display names of projects, processes or people in charge above or beside a slipcase

Magnetic clipboard

Colour	Orientation	Article number
Blue	Landscape	14002.813
Blue	Portrait	14002.817
Black	Landscape	14002.815
Black	Portrait	14002.819

- Simply place paper sheets on your visual management board using a magnetic clipboard
- The clipboard allows you to record data on location and then hang it up on the board

Magnetic printer paper

100% sustainable, we make it visible

FSC® certified

We are FSC® certified. As a certified producer, we can provide verified proof that the materials we use originate from responsibly managed forests. Furthermore, the wood is traceable throughout the entire chain, from forest to finished product. Please ask for any more information you may require about FSC labelling of specific products.

Ecovadis

After earning EcoVadis Silver, Smit Visual has now achieved Gold certification, reaffirming our commitment to sustainability and corporate social responsibility. This recognition reflects our high standards in environmental management, labor practices, ethics, and sustainable procurement, advancing our sustainability goals for a better future.

ISO 14001

Smit Visual is ISO 14001 certified, which demonstrates our dedication to sustainable environmental management. Our environmentally friendly products support customers in achieving their sustainability objectives by focusing on waste reduction, energy savings, and lower CO2 emissions.

Modern enterprise is taking future generations into account. Smit Visual recognises the important role producers play in making our society more sustainable. That is why we continuously make every effort to succeed in that respect. Certification is the measurable proof of that commitment.

Dutch made. Craftsmanship. Customisation

Smit Visual was founded 47 years ago! In that time we have grown from a local family business to an international company delivering to more than 50 countries worldwide. Yet, we have always remained a family business, with the following important characteristics:

We are all
product developers, really

Local production

For 47 years, we have been producing our presentation and communication tools locally in Geldrop (Eindhoven). This enables us to deliver quickly, be flexible in customisation and, moreover, manage and promote socially responsible production processes.

-  Office designers
-  Catalogues
-  Webshops
-  Audiovisual designers

Close customer relations

Close customer relations has been our priority for over 47 years, based on fast and personal service. We are the only whiteboard manufacturer to offer our customers the services of our own assembly team, for example.
